

NiE Topic Pages

Term 2 - 2012

Each weekly NiE page published in your paper follows a similar format. You will find: - a section with What's News briefs highlighting some of the relevant big news items that have occurred locally and worldwide; the main topic (listed below) which will be linked to The Australian Curriculum; interesting facts and figures; a quiz to test your knowledge about what's been happening in the news; links to useful resources and an online task to complete on the NiE page of your local newspaper's website.

We hope when you use your local newspaper and the NiE program you will enjoy learning about some of the interesting topics this term and have fun doing the activities.
