Students warm to tuckshop delicacies

EACH Wednesday tuckshop consists of a meal provided by the school or a family.

Recently it was the school's turn to cook.

The children had potato and leek soup for lunch and rhubarb and apple crumble with custard for afternoon tea.

It was a cold and miserable day outside so everyone sat around the table and ate together. Very cosy and very tasty.

Friends become rivals in fun day

ALTHOUGH off to a cold start, Stanthorpe State School's junior athletics day was a huge success as students from Prep to Year 3 took to the ovals, eager to show 'em what they're made of in all manner of athletic events.

Beginning the day with a sturdy march around the oval, in house coloured glory, friends became fierce competitors as Kingfishers and Koels, Kestrels and Kookaburras battled it out over ball games and sprints!

Warm winter woollies were soon replaced by sweaty shirts and sun hats as red faces crossed the line and continued on to the bubblers for some much needed refreshments. All the while, Supportive Stanthorpe State School parents and teachers lined the ovals, keen to get their personal war cries

> Well done to all Stanthorpe State School juniors.

TRANSITION DAY: Year 7 students from schools enjoyed transition day with Mrs Kerri Collins in the food technology room

Testing day

ASSUMPTION College on June 20 held its first Transition Day for students wishing to attend the college next year. The purpose was to enable students to become immersed in the secondary school environment and experience new subjects and lesson changes. It is hoped this will help ease students into their secondary studies. The program began with lunch and students were allocated into one of four groups. Two Year 11 students were allocated to each group and "met and greeted" the new students.

Aged care

TALK

With Claire Schnitzerling

SO much is happening in aged care at Warwick through Southern Queensland Institute of Technical and Further Education, there is always interesting news.

For a start, if you need to learn to cook for people with diabetes, Jamie Fischer, hospitality cooking teacher is planning a course which will take four hours over three days.

This course will guide students through all the necessary steps to cook for diabetics.

Cost is \$95 or \$50 concession, so contact Jamie if interested on ph 4660 4637.

There has been considerable interest in the Diploma of Aged Care offered this month.

Already there have been many applications for this course. The February intake have almost completed their diploma program with only a week to go. Teacher Mary Higgins has been doing the new networking unit with the students and they have been working in vocational placements for the past few weeks.

Texas students have almost completed their Certificate IV Aged Care.

There will be an intake in Certificate III Aged Care this month and it's not too late to enrol for that and the Diploma of Community Services Co-Ordination.
