ACTIVITY 2

Terrific Toilets

No invention has saved more lives than a toilet.

Toilets bring dignity, privacy, safety and health.

Sir John Harington who invented the 'flush' toilet in 1596 may not have realised the importance of his idea.

With the onset of the Industrial Revolution and advances in technology, the flush toilet began to emerge into its modern form.

Use these tags to label the diagram of the toilet.

bowl	filler tube	float (ballcock)	flush button
flap valve	overflow tube	seat and cover	
siphon (bend)	tank	water supply line	waste pipe

ACTIVITY 3

GETTING THE MESSAGE ACROSS

On the template of the toilet seat, draw, write and/or glue important messages about the importance of sanitation especially for the 2.5 million people in the world that do not have adequate sanitation.

The 2014 World Toilet Day campaign is centered on the theme of Equality and Dignity.
