

What is 5G?

Get ready for faster mobile download speeds, smooth video streaming on your phone, video calls with low lag and better connectivity in congested areas.

More capacity.

Better performance in crowded places.

Faster speeds.

High-speed downloads and uploads for streaming and sharing on social media.

Low latency.

Stream live feeds closer to real-time.

What you need for 5G.

✓
5G coverage

✓
A 5G-enabled device

✓
An eligible Telstra Mobile plan

5G network is progressively being rolled out across Australia. Current availability is limited to major capital city CBDs and other select high-traffic areas. Actual speeds achieved will vary depending on service availability and other factors. For more details, visit Telstra's website at telstra.com.au/coverage-networks/5G.

Get Australia's first 5G phone.

SAMSUNG Galaxy S10 5G

Get the new Samsung Galaxy S10 5G, and do everything you love - a whole lot faster.

Telstra offers 5G in select areas and is progressively rolling it out to other areas. In non-5G coverage areas, you'll automatically switch to our 4G/3G network.

THINGS YOU NEED TO KNOW. Device Payment Contract: If you cancel early, your minimum cost may be higher. Mobile Lease plans: You must lease an eligible phone for 24 months. You don't own the phone, and must return it at the end of the lease unless you make an offer to purchase it. If your lease is cancelled within 12 months you must pay a fee based on the RRP of your phone. If your lease is cancelled after 12 months you can return the phone and pay \$99 if in good working order. In both cases you must also pay any additional early termination charges or accessory option repayments. Additional fees up to \$499 apply if you return a damaged phone, the locking features have not been disabled, you cancel your lease early and return a damaged phone or you don't return your phone at the end of your lease.
